Political Contributions

This policy statement supports SEA's Corporate Responsibility Policy. SEA is committed to respecting and promoting human rights and to fulfil this commitment, we will:

- Uphold and promote the fundamental rights pronounced in the Universal Declaration of Human Rights and the principles of the UN Global Compact;
- Engage with stakeholders in our efforts to respect and promote these rights;
- Recognise the development and cultural rights of external stakeholders as basic human rights;
- Recognise our responsibility to respect the rights of people in our country of operation;
- Help prevent, manage, and resolve conflict where we are in a position to do so;
- Ensure we are in no way involved or associated with the issue of forced, involuntary or child labour;
- Encourage our contractors to adopt the principles in this policy;
- Consider withdrawal from relationships with business partners where there is no evidence that they are moving towards the application of international human rights standards.
